PLEASE NOTE

These instructions have changed. Please check them carefully before proceeding

Application Instructions for HOT TRANS

*transfer paper for oil-less laser to **light** garments*

Recommended Fabrics:

- 100% Cotton
- 100% Polyester
- Poly/Cotton Blends

Accessories Required: Teflon Sheet, Release Paper

Important Points

- Please keep clean – avoid any fingerprints on printed surfaces
- Suitable for colour laser printers/copiers **WITHOUT** the use of fuser oil
- Only for **WHITE** and **LIGHT** garments

NOTE: A conventional home iron will not provide a satisfactory image transfer

Please use this as a guide only as there are too many machines to be specific.

- 'AIR' all paper by fanning apart. Use the multi-function tray. Set for thick stock.
- Print using mirror image setting
- Trim excess unprinted paper away from main image
- Pre-heat the bottom platen in order to air HOT peel
- DO NOT pre-press the garment. If you do, then allow to cool completely before application
- Apply the image face down in the required position
- Wait 8 seconds and peel off transfer sheet (hot peel)
- If required, cover with either siliconized or release paper and press for further 5 seconds.

Heat Apply

- Temperature: 190°C, Time: 20 secs.
- If fabric discolours due to heat, try applying at 180°C, Time 25secs.
- Pressure: Medium to firm (approx. 40lbs pressure) depending on fabric type
- Wait 8 seconds and **PEEL HOT**

Garment Care & Washing

Turn the garment inside out, machine wash at maximum 40°C. Do not use a fabric softener or bleach. Tumble dry on a low setting. Do not use iron on imaged area. Do not dry clean.

All technical information and recommendations are based on tests we believe to be reliable. However, we cannot guarantee performance under conditions not under manufacturer's control. Before using, please determine suitability of product for its intended use. i.e. do your own wash test. Warranty of product is to replace product only and not the item the transfer has been applied to. Using transfer paper may invalidate printer warranty please check with printer manufacturer or supplier.
